

# Lab 2 File 1

This screenshot shows the Visual Studio Code editor with the file `EntryPoint.js` open. The Explorer sidebar on the left shows the project structure with `EntryPoint.js` and `functions.js` under the `LAB 2 FILE 1` folder. The main editor area displays the following JavaScript code:

```
1 // Importing the other JavaScript file (functions.js)
2 const { function1, function2 } = require('./functions');
3
4 // Calling/invoke a list of functions
5 function1();
6 function2();
7
```

The status bar at the bottom indicates the cursor is at line 1, column 1, with 4 spaces, UTF-8 encoding, and CRLF line endings. The system tray shows a temperature of 1°C and the date 2024-02-20.

This screenshot shows the Visual Studio Code editor with the file `functions.js` open. The Explorer sidebar on the left shows the project structure with `functions.js` and `EntryPoint.js` under the `LAB 2 FILE 1` folder. The main editor area displays the following JavaScript code:

```
1 // Define some functions
2 function function1() {
3   console.log('function 1 called');
4 }
5
6 function function2() {
7   console.log('function 2 called');
8 }
9
10 // Exporting the functions
11 module.exports = {
12   function1,
13   function2
14 };
15
```

The status bar at the bottom indicates the cursor is at line 15, column 3, with 2 spaces, UTF-8 encoding, and CRLF line endings. The system tray shows a weather forecast of 'Feels colder' and the date 2024-02-20.
